[Blue Inc.](#)'s Jason Santos and the [Salty Pig!](#) The bands are in town to play the Hot Stove Cool Music Fest at Fenway in honor of Sox manager Theo Epstein's [Foundation to be Named Later](#). Grub Street hears that Santos will make shrimp tacos; the Salty Pig's Michael Moxley will do pate sandwiches. (Moxley's a big Bosstones fan, apparently, and also plans on donning a plaid-on-plaid ensemble in honor of his idols.) What we want to know is, will they all get drunk afterward on Santos's [spiked liquid-nitrogen milkshakes](#)?
